BEST PRACTICES (2020-21)

Best Practice 1

1. **The title of the practice: ' The Gift of Green ': Towards Building a sustainable and clean college campus"**

2. **Objectives of the Practice**

We strive to create a model of education that is based on compassion and mindful living. The green campus initiative began with an objective of fostering a culture of eco-friendly practices and making the campus environmentally sustainable. We aim to build a campus that is plastic free, produces minimal waste, conserves energy, protects biodiversity and practices self –sustainability in areas of power, water and cleanliness. This is a collective endeavor of our students, staff and neighboring community in an effort to recognize our and responsibility on this planet.

3. **The Practice**

- Cutting trees on campus is strictly prohibited.

- The campus is single –use plastic free. Steel crockery is used in the college.

- Environment – friendly, energy- saving electrical appliances that reduce wasteful inefficiencies have been installed. The electrical wiring is protected against leakage and short circuit at three levels. We have phased out 95% of CFL and conventional light sources with LED lighting.

- Waste water is coming out in the ground for planting.

- E- Waste Awareness and Collection campaigns have been organized.

4. **Evidence of success**

- Our college is actively pursuing green practices to march ahead on environment friendly highway**.**

- Garden has been set up to enhance the greenery of the premises.

- Tree plantation drives are carried out annually.

5 **Problems Encountered and Resources Required**

- An inadequate supply of plastic alternatives increases their cost which makes them less popular in society.

- The pandemic has adversely affected our ongoing green initiatives.

- Due to onset of Covid- 19 initiative could not be implemented at the student level.

Best Practice- 2

1. **Title of the practice: Teaching skills and personality development program**
2. Objectives of the practice:-

   - To enhance employability of the students and prepare them to face competitive environment.

   - To train the students in the fields of teaching skills, communication skill, intrapersonal skill and preparing them to face interviews and get better placement.

   - To increase awareness among students about their rights.

   - To increase awareness among students about self – employment.

3. **Practices:**

   - Teaching skill and personality development program is designed by considering the needs of the students required to fulfill the demands of corporate world.

   - The program is well designed, which enable the students to develop skills like communication skills, leadership, team work, time management etc.

   - Activities like role plays, group discussions, and presentation etc. are also conducted for students in order to give them firsthand experience.

   - We do not believe in learning only within the four walls of a class room. Personality development is the skill which cannot be acquired just by learning in the class but more experience on the practical learning.

   - The Institution offers guest lectures, educational talks and expert sessions on various issues pertaining to health, personality and social issues.

- Various workshops are organized for imparting knowledge and skills for better practical approach

- Yoga and various sports activities are organized for all round

  Fitness, inner peace, enhanced energy; stress released improved immunity, better flexibility and better intuition.

- Computer classes are held regularly to keep the students updated of ICT.

- Outreach programs are organized for community building.

4. **Evidence of success**

- Improved communication skills and confidence among the students.

- Participation of student has increased in curricular and co-curricular activities.

- The principals and teachers from various colleges we approach during these activities always appreciated our students for their sincerity, dedication and professional attitude.

5. **Problems Encountered**

- Adjusting the trainings and workshops in regular schedule.

- Financial problem for arranging workshops and training programs.
